

NIGERAILS CONTAINER BAY

As NIGERAILS LTD has been an agent of Nigerian Railway Corporation in freight forwarding, it became easier to delve into the venture of developing a Container Bay with the aim of delivering more containers as a rail-borne traffic and particularly as a way of playing a major role in commodity evacuation from Apapa Port and minimize the traffic log jam.

We have developed part of Iddo Railway Terminus west yard as a container Bay capable of stacking up to 400 20ft containers on a consolidated ground with sound handling equipment for easy and speedy services.

Our Container bay is well lit and in a secured environment.

We move imports from APMT Apapa Port to our Bay at Iddo Railway Terminus within two hours and loaded trucks have easy exit through Western Avenue.

We also handle export containers from our container bay by rail into APMT Apapa Port within 2 hours.

Visit our Head office at Suite 17, Ebute-Metta Junction Railway Station (Alagomeji) or email nigerails@yahoo.com.

We are also a phone call away on 08033047022

Our tariff is pocket friendly

Our scheduled train movements are as follows

MONDAYS, WEDNESDAYS and SATURDAYS

NIGERAILS CONTAINER BAY @ IDDO RAILWAY TERMINAL

- Boundary
- Rail Line
- Vehicular way
- Stacker way
- Container Blocks
- Security Gate

NB. ALL VEHICLE DRIVERS MUST ABIDE BY THE RULES & REGULATIONS APPLICABLE TO THIS TERMINAL.

From this Terminal we are able to also move other goods/Parcels from Iddo Railway terminus Lagos to other parts of the country.
